

Australia's own manufactured and owned Play Equipment since 1994

Playspace employ a diverse and creative team across Australia providing a "whole of park" approach and concepts that are able to be customised to suit each client's needs.

Navitas

The inspiration for the Navitas product range came from the desire to blend both traditional play elements mixed with an emphasis on form and aesthetic.

Playspace Project Delivery The Playspace model enables us to have a seamless integration between sales, design, installation of play equipment, rubber, shade, landscaping elements and project management. All these tasks can be delivered by Playspace employees – well trained and customer focused. This demonstrated commitment enables our customers to have certainty, confidence and one point of contact for both large and small projects.

Exclusive Rubber Shapes!

Playspace Softfall are providers of premium wet pour and synthetic grass undersurfacing. Our wet pour undersurfacing complies with the strictest of safety measures while providing an economical, low maintenance and vibrant play surface.

The design and engineering team at Playspace Playground have been busy creating fun and exciting new equipment ranges to extend the already extensive range we offer.

There are three new distinct ranges which are all designed for open ended play and provide a myriad of choices, great social interaction and the opportunity for All Abilities play, as well as a place where kids can literally "hang out".

These new ranges are **Boveda**, **Navitas** and **Sesgo**.

New Furniture & Shade

Picnic setting with shelter

Sesgo

The Sesgo range is inspired by contemporary architectural elements creating a free-form play space.

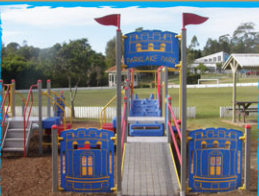

Boveda

The Boveda range is inspired by elements of nature to create free-form play spaces with an edgy, urban aesthetic. Using organic, sculptural elements the Boveda range creates the perfect environment for children to use their imagination to explore.

Timber Range

THEMED PLAY

Circuit Breaker

Fitness Course

Access All Abilities

Playspace are market leaders in providing quality AAA (Access All Abilities) playgrounds throughout Australia.

A well thought out AAA design should incorporate and encourage a range of play options from passive to action, interaction and discovery, as well as providing many opportunities for fun and social play options. Playspace cater for a full range of AAA play opportunities that include:

Toddler and Sensory

Spinning Flowers & Reeds

Emergency Vehicle - Fire Truck

Motion

Kids love movement and motion and many of our Playspace items encourage group and social play.

3m Whirly Go Round

Upper Body Events

Including rope climbers

Big Top

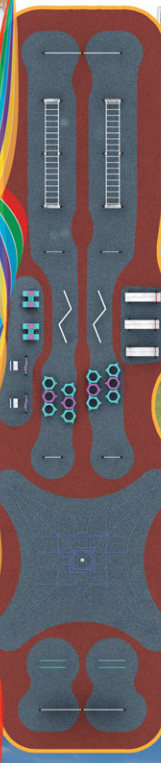

4m Pyramid Net

Come In Spinner

G-Pod

The Circuit Breaker will have the heart rate racing as participants frantically compete against each other to see who truly gets to be "King of the Circuit"!

The Circuit Breaker features our striking 127mm round post upright system. Unlike outdoor gym equipment these circuits are free of pinch points and are designed to improve agility, strength, and muscle tone.

The Circuit Breaker combines a challenging array of items including:

- Twin 6 metre long monkey bars
- 6 metre pyramid rope net
- Step up & sit up benches
- Cyclist and foot stations
- Honeycomb scaling walls
- Obstacle runs and balance beams
